Bismuth

A market share of more than 50% makes 5N Plus the world's leading supplier of bismuth and bismuth chemicals. Bismuth sold by 5N Plus is used in a number of pharmaceutical, electronic and industrial applications.

We have the certifications to supply bismuth products to FDA and GMP standards. While our portfolio includes bismuth in a wide range of purities and forms, we can also tailor a product to your specifications.

Products

- Bismuth Metal
- Bismuth Beta Resorcylate
- Bismuth Citrate
- Bismuth Hydroxide
- Bismuth Nitrate Solution
- Bismuth Nitrate Pentahydrate
- Bismuth Oxide
- Bismuth Oxychloride
- Bismuth Sodium Tartrate
- Bismuth Subcarbonate
- Bismuth Subcitrate
- Bismuth Subgallate
- Bismuth Subnitrate
- Bismuth Subsalicylate
- Bismuth Subsuccinate
- Bismuth Sulfide

Main Markets

- Automobile
- Coatings
- Cosmetics
- Electronics
- Optics
- Pharmaceutical
- Pigments

Typical Applications

- Stomach and ulcer treatment
- Varistors
- Yellow pigment for paints
- Alloys for optics manufacturing
- Glass frits
- Lenses
